Absent: Gail

I. CALL TO ORDER

7:05 PM

Discussion –

A. Snack Machine

- Bryce and Christie have texted the snack machine guy every month, for the past 5 months. Bryce left a voicemail for the guy during our meeting. If we don't hear back within 1 week, we are going to put the snack machine up for sale. We need access to the shed for all our 2024 events.

B. Newsletter Mailer

- Rachelle could not find anything on the post office website offering a mailer. Christie said it costs a minimum of \$500. The committee does not want to spend that kind of money right now. The committee approved to move forward with a digital mailer. The updated mailer (with photos) to be sent as a digital copy via email to the people Gail has on her email list. Rachelle will also post on website and all social media platforms.
- The idea was brought up to print copies of the mailer and leave in the plastic tray for people to grab. Rachelle will print these.

C. Wooden Message Board at Park

- Justin mentioned that people keep tacking business cards and other small fliers to our board. We would rather have that message board reserved for the LCC. Another bulletin board can be added to the park for miscellaneous items.

- The committee came up with the idea to create a placeholder poster that is always placed on the board when we don't have an upcoming event. The placeholder will say "Welcome to Lompico", it will include a blurb about our history, the website and Facebook page and a picture of the old swimming pool. It will also include a QR code that takes you to the membership/donation form on our website.

D. Easter

- Saturday, March 30th at 2pm. Egg hunt, golden egg, face painting, BBQ chicken/potato salad/mushroom plates for sale for \$10, facepainting and 50/50 raffle. Idea to ask fire department to escort Bryce to the park in the bunny suit, or Bryce can show up in a CHP car as bunny.
- Committee agrees we should start asking for candy donations now.

E. Flea Market

- April 27th. Do we have any sign ups yet?
- Idea brought up to name it something else to catch people's attention. Bazaar? Makers Market? Lompico Local Creators?

F. Fencing

- The committee set a date to install the new fencing along Lompico road, Saturday, April 20th at 10am. We will make this a "spring-cleaning" event. Open invite for neighbors to come out to help prep the park for the summer season and fun events (pulling weeds, raking etc.) Many neighbors asking when the next cleanup is. This will be added to the digital newsletter.

Meeting adjourned

8:00 PM
