WHAT IS THE LOMPICO COMMUNITY CENTER AND WHAT DO WE DO?

The Lompico Community Center is a 501(c)(3) non-profit public service corporation that is run entirely by donations from the community and a volunteer Board of Directors

Mission Statement: To stimulate interest in civic affairs; provide for circulation of information; and make recommendations for community improvements and protection.

History: Founded in 1933 as the "Lompico Improvement Club", the LCC has seen many changes over the years. Some may remember the Cement Pond (Bus Stop and Park Now) as a community swimming area complete with bar and restaurant. In the early 1970's, the bar burned down and the property fell into neglect. Then in 1988 a more recent evolution began in earnest, resulting in most of the improvements you see today, including (but not limited to):

- Bus Stop Shelter
- Half Court Basketball Court
- Playground Structure
- Fencing and Lighting
- Bathroom
- Payphone and Soda Machine

Current Events: Easter Egg Hunt, Flea Markets, Save Our Shores River Clean-Up, Halloween Bash, Christmas Tree Lighting, Chili Cook-Off and more!

Why Join: The entire Lompico Community is part of the LCC. Regardless of where in the canyon you live, what you do, or who you are. We rely entirely on donations from the community and a few small fundraisers throughout the year. Your tax-deductible donation will ensure that the Lompico community can continue to enjoy the park and other amenities provided by the LCC. Please join now! And be sure your voice is heard, please fill out the survey on the back of this flyer and sent it in with your donation.

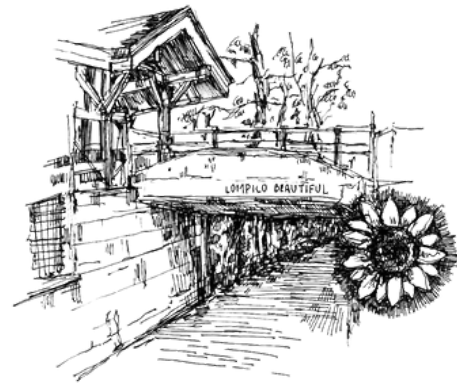

How: Fill out the Membership Donation form on the back. You can mail in your check or cash, drop it in the mailbox across from the bus stop or Venmo @LompicoPark.
